COLORS working TOGETHER in Harmony

Introducing ProVia Designer Collections… for the Professional in You.

Your home is an expression of your style and individuality. Whether you’re remodeling your home or building a new one, visualizing and choosing colors that work well together can be a daunting task. That’s why we’ve created ProVia Designer Collections. Use these color suggestions to help you select harmonious color groupings for your home’s exterior. We’ve designed twelve unique collections, and within each collection, four color palettes and one artistic rendering for those who are adventurous!
The Alabaster Collection features clean shades of off-white, such as Birchwood, Cream and Linen Traditional, though not dated, these shades give your home a sophisticated look.

ProVia artistic rendering of siding, stone and door choices, for an architectural style that's a bit outside the norm.
The Aspen Collection combines fresh, cool greens with shades of light and medium grays for a calming palette of colors, evoking the crisp and clean air of higher elevations.
Use these color suggestions to help you select harmonious color groupings for your home’s exterior. Colors shown are reproduced by the lithographic process and may vary from actual colors. Consult product samples for color accuracy.
The Canyon Stone Collection features intense neutrals combined with bold accents. The strong brownish-grays evoke solid and stalwart craftsmanship. These colors make for a striking and impervious-looking home.
