### CLEANING AND MAINTENANCE

Thank you for choosing ProVia manufactured stone, our stone is designed to provide years of enjoyment. You may want to occasionally clean your stone to remove dust, debris or in rare circumstances efflorescence. Efflorescence is when moisture is present behind the stone, that migrates to the surface of the stone, depositing dissolved salts that can have the appearance of a white stain.

Please follow cleaning steps outlined below to keep your stone looking its best and be sure to never use acids, chemicals, pressure washing, sandblasting, wire brushes or anything other than what is outlined in our cleaning instructions to maintain the warranty.

### CLEANING

1. Before you begin cleaning your stone, be sure to properly prepare your work area.

**Interior cleaning-** Start by filling a clean spray bottle with water, to see if you can spray the dust or debris away. If that does not work, please move to the next step...

**Exterior cleaning-** Start by using a garden hose set to a gentle low pressure setting to try and spray the dust or debris away. If that does not work, please move to the next step...

2. Begin using a soft nylon brush to lightly scrub the stone while spraying it with warm water. If that does not work, please move to the next step...
3. Add a small amount of mild detergent to your warm water and spray the stone, while scrubbing the debris with a soft nylon brush.
4. Finish by removing soap from the stone by spraying water, until no soap residue remains. For interior cleaning you can hold a hand towel under the area being sprayed to catch the soapy water run-off.

### SEALING

SEALANT IS NOT RECOMMENDED FOR PROVIA MANUFACTURED STONE. IF YOU CHOOSE TO USE A SEALER, USE ONLY A SILANE OR SILOXANE-BASED BREATHABLE MASONRY SEALER TO MAINTAIN YOUR WARRANTY. BE SURE TO TEST THE SEALER ON A SMALL INCONSPICUOUS AREA FIRST AND STRICTLY FOLLOW THE SEALANT MANUFACTURER'S DIRECTIONS.

## A. ORIGINAL OWNER'S LIFETIME PLUS LIMITED WARRANTY

ProVia LLC, hereinafter "ProVia" Manufactured Stone and Accessories are manufactured using quality raw materials and produced with engineering excellence designed for years of maintenance-free use.

ProVia warrants exclusively to the original purchaser of our manufactured stone for as long as the original purchaser is living and is the owner of the property to which our products were applied. That ProVia manufactured stone applied to that property is warranted against chipping, flaking, unsightly discoloration, or any other serious deterioration result of defects in material or manufacturing.

Additionally, ProVia also warrants, exclusively to the original owner only and for as long as he/she is living and is the owner of the property to which ProVia products are applied, that its manufactured stone will not fade, other than as may result from normal weathering or can be expected to occur from exposure to exterior elements. For the purposes of this warranty, fade is defined as over 50% color loss as deemed by ProVia's manufacturing and colorist experts.

Should any of these defects occur during the lifetime of the original purchaser while he or she is the owner of the property to which the ProVia product(s) were applied, and provided that the terms and conditions of this warranty are met and the claim is properly reported as stated below, ProVia will, at its option, repair or replace, the stone determined to be defective, in accordance with the terms and conditions of this warranty. In lieu of repair or replacement, ProVia reserves the right in its sole discretion to refund the actual purchase price of the products determined to be defective.
